

1

Pregnancy Through The First Year After Birth. Learn how to bond best with your little one, promote development, and be the best father and partner that you can.

2

So many guys want to know more about pregnancy, how to bond with their baby before birth, and how to be the best partner and father they can be. This website will show you how. We'll cover topics such as...

3

Then, before you know it, your partner is giving birth to your bundle of joy. There's so much to learn about those first few hours, the first few days, and the first year of your little one's life. For instance, do you have a list of all things to pack for the hospital? Do you know how vital it is that baby gets skin-on-skin bonding right after birth? The pros and cons of circumcision?

4

Pros and cons of co-sleeping with your baby? Introducing pets to your little one? Newborn baby activities? How to save money with a new baby? Selecting the best Day Care if that's a direction you'll be going in.

5

Most dads want to know more about bonding with their little one, the very activities which are also those that promote all aspects of development. Dads would like to learn more about colic, handling child tantrums, helping baby sleep through the night, and how to introduce solid foods.
